

# SPRING MISSION PROJECT

Join us in funding and building a house with Sea Island Habitat for Humanity (SIHH)

## GIVE GENEROUSLY

Goal: \$15,000

This year's Spring Mission Project will bring our congregation together to raise \$15,000 to help build a house, and then we get to work side-by-side to build it!

Our \$15,000 goal will help offset the construction costs of building for a woman named Kristen. We'll learn more about her in the weeks to come! Can you help us build Kristen's home by donating to our Spring Mission Project??

### How to donate:

- Place cash or check in the offering
- Online: Scan the QR code
- Venmo @JIPC1

Please mark all donations for Spring Mission

At the build site, you will meet a Site Supervisor, pick your project, get thorough instructions, learn new skills, meet Kristen, and get to know other volunteers!

## ABOUT SEA ISLAND HABITAT FOR HUMANITY

### Mission

Seeking to put God's love into action, Habitat for Humanity brings people together to build homes, communities, and hope.

### Vision

A world where everyone has a decent place to live.

### Sea Island Habitat for Humanity

Founded in 1978, Sea Island Habitat for Humanity is part of a global, nonprofit housing organization operated on Christian principles. Located in Johns Island, ours is the third oldest Habitat affiliate in the world. We are dedicated to eliminating substandard housing locally through constructing, rehabilitating and preserving homes; by advocating for fair and just housing policies; and by providing training and access to resources to help families improve their shelter conditions. We serve the communities of James, Johns, and Wadmalaw Islands, and have constructed over 350 homes in our 40 years of operation.

Habitat for Humanity was founded on the conviction that every man, woman and child should have a place to live in dignity and safety, and that decent shelter in safe communities should be a matter of conscience and action for all.
